

Hello.

I'm sure you have read many posts from other pubs of their guidelines, but please take a few minutes to read ours, as yours and our safety is of the utmost importance to us.

I'm sure many of you have been wondering why we haven't opened until this week. It is because we made a conscious decision when the Government said all pubs can open, we didn't feel it was the right time for the Butcher's to open, we wanted to observe and learn so we could make it as safe as possible for you and us.

Here are the Butcher and Beast's Guidelines.

Please do NOT visit us if you or a member of your household has any of the typical symptoms of COVID 19.

“Remember sharing is not caring”

We have given the pub a deep clean and a thorough & sanitising regime will be maintained in all areas of the pub throughout the day, when customers leave a table that table will be cleaned and sanitised before the next customer sits down.

We are not taking bookings for the bar, snug or garden we would recommend booking for the restaurant to avoid disappointment. We have removed some tables so we could implement social distancing of 1 metre+, tables will be allocated on a first come first served basis, and once these are full, we will not be able to allow anybody else into the pub.

Please DON'T move the furniture!

We have introduced a one-way system around the pub, please adhere to it as it is for your safety. Entry is through the front door ONLY and Exit through the door near the kitchen. If you have to pass another customer please do so at a safe distance, if this is not possible please pass back to back. Due to the size of the toilets these will now work on a one in, one out basis, (please see signs on the walls outside of the toilets).

You will be greeted by a member of staff and shown to your table, we will be operating 100% table service throughout the whole pub and garden for drinks as well as food, we ask you to stay at your table and let us come to you. So, kick back and relax. There might be a slight wait at busy times, and we would appreciate your co-operation. Indoor gatherings are limited to no more than 6

members of any two households (or support bubbles) in the garden a group of at most 6 people from any number of households. Please note, if you are sitting outside please be aware that if the good old British weather does take a turn, there may not be anywhere to seat you inside!

Don't MOVE the bladdy furniture!

All customers will be asked to provide contact details that may be shared with NHS Track and Trace to help contain COVID 19 clusters.

We've dotted hand sanitiser stations all over the pub for regular use, but please make particular use of the stations on the entrance and the exit!

Card/ Contactless payments are preferred; however, cash will still be accepted.

We are not the Fun Police; we are just going by what the guidelines say to keep everyone safe. Just like before COVID came barging into our lives, we will not tolerate any inappropriate behaviour towards us or other customers.

Please enjoy responsibly, be considerate to those around you, keep your distance and don't move the bladdy furniture!

Our opening times will be reduced until we see how things lie, we will be reviewing it week by week so check back on our social media where all the latest details will be posted weekly.

Our first week will be
